INSTALL INSTRUCTIONS FOR NVMS 2.0 AI

1. Install ONE Client from the list AND the Server program.

Name ↑		Owner
📇	OLD	ENS Security
1 🟩	NVMS Standard Client Ver2.1.1.01105.exe 👥	ENS Security
🟩	NVMS Standard Client x64 Ver2.1.1.01105.exe 👥	ENS Security
2 🟩	NVMS Standard Server Ver2.1.1.01106(Disable time syn func... 👥	ENS Security
📄	README 👥	ENS Security

2. Once BOTH programs are installed, make sure Server Client is open, and then open Monitor Client.

3. Monitor Client will now prompt you for login credentials. The default is:
Username = admin || Password = 123456 || Authentication Server = 127.0.0.1 || Port = 6003
